INTERNATIONAL CONFERENCE

“CORPORATE GOVERNANCE, ACCOUNTING AND AUDIT: CRISIS CHALLENGES”

LEUPHANA UNIVERSITY LÜNEBURG (GERMANY)
NOVEMBER 26, 2015

Concept of the conference

Within the globalized economy, corporations are consolidating their commitment to respecting human rights, social and environmental accountability, ethical control and promoting sustainable development through their services, processes, products and relationships. Government, business and society should work together more closely to improve accountability. Corporations can achieve both maximization of profits and social responsiveness. Corporate governance, accounting and auditing are interactively connected and cooperate with each other. Auditing is very important for executives to explain fulfilling their fiduciary responsibilities to stakeholders. Auditing is not only a medium to ensure a good relationship between corporations and society in a true sense but also a social infrastructure to build up public trust as a social capital. This conference is going to gather experts in the field of corporate governance, accounting and auditing to discuss these and other important issues. It will provide a platform for academics and practitioners to analyze current challenges for corporate governance, accounting and auditing to increase the trust of society in corporation, improve the corporation performance and utility to the society in a whole.

Lüneburg’s special atmosphere attracts people of all ages. Some people say that the city is refreshing not only because of its clear air, but also because of the cheerful mood of the residents. Lüneburg lies in northern Germany about 50 km southeast from Hamburg in the State of Lower Saxony. The Lüneburger Heide, a favorite vacation region, lies close by, as do the North Sea and the Baltic. Hannover, the capital of Lower Saxony, is an hour away and it takes just 2-3 hours to reach Berlin.

Hamburg is situated close to Lüneburg and it’s surroundings are charming: If you are looking for relaxation, you can take the train to the Baltic Sea or the Lüneburger Heide. And if you want to spend an evening or weekend enjoying big city excitement, then you have a wide selection: Hamburg, the metropolis on the Elbe, can be reached in just half an hour.
