How to reach the conference venue

# How to reach the conference venue

The conference will be held at the Department of Management, Economics and Industrial Engineering (DIG) of Politecnico di Milano, located in the Bovisa Campus (building 26B).

The new Bovisa University campus is divided into two sites: North Site for the Department of Design and Civil Architecture and South Site for the Engineering Departments.

**DIG is located at the South campus in Via Lambruschini 4/b, Milan (Italy)**

The venue is served by two "S-trains" ("passante ferroviario") stations: **Bovisa-Politecnico** and **Villapizzone**. Most trains stop at Bovisa-Politecnico.

**If you arrive at Villapizzone station**, take the exit with the signs "Politecnico di Milano", follow the footpath, go straight in the roundabout and take the second pedestrian street alley on your left. DIG is the second and last building on your left.

**If you arrive at Bovisa-Politecnico**, you have to turn RIGHT immediately after the station, go down the stairs and go across the parking – we are just behind the building under construction. DIG entrance is opposite the café "Da Vinci".

# How to reach the conference venue

There are various ways to reach the new campus, we suggest the easiest route from Cadorna train station

## **SUGGESTED ROUTE**

From any place in the city, take the underground (red line and green line) and get to Cadorna station. From here you can take ANY train leaving to any direction EXCEPT FOR trains directed to Malpensa airport.

Bovisa-Politecnico, whichever train you take, is the second stop.

This is a urban leg and the ordinary local fare applies. You can use the same ticket used for the underground.

1 ticket costs 1.5€ and can be used for multiple transportation means (underground, buses, local trains) for 75 minutes.

A daily ticket (24 hours) costs 4.5€.

## ALTERNATIVE ROUTES

If you are staying close to the following stations, it is more convenient for you to take the "passante ferroviario" (S-trains) to get to Bovisa or Villapizzone instead of going first to Cadorna

- Dateo
- Lancetti
- Lodi
- Porta Garibaldi
- Porta Venezia
- Repubblica

From these stations simply take a train stopping at Bovisa or Villapizzone. Please make sure you take the right train by checking where it stops
