

CORPORATE GOVERNANCE AND SUSTAINABILITY REVIEW

Volume 3(2)/2019

We would like to draw the attention of the experts in the field of corporate governance and sustainability with application to both macro and microeconomic issues that international peer-reviewed journal Corporate Governance and Sustainability Review announces a call for papers for Issue 2/2019.

We encourage empirical and conceptual papers in the following areas:

- Business ethics
- Sustainable finance
- Corporate governance and reporting
- Accounting and disclosure
- Corporate social responsibility
- Stakeholder's engagement
- Performance measurement and management control
- Cash flows and earning management
- Ethical, social and governance (ESG) factors
- Integrated reporting
- Shareholder activism, shareholder protection and valuation effects
- Socially responsible investing
- Fraud and accounting scandals
- Corporate social performance
- Creating shared value (CSV)
- Corporate citizenship
- Corporations and business purpose
- Ethics and boards of directors
- Business-government interactions
